Notice of Acceptance and Schedule, 44th COSPAR Scientific Assembly, 16 July – 24 July 2022, Athens Greece

Dear **Mr. Rovetto**,

On behalf of the Council of the Committee on Space Research, we are pleased to inform you that your contribution to the 44th COSPAR Scientific Assembly entitled: **When a space object is not a space object: Limitations of the term** has been accepted and scheduled as an oral presentation in scientific event **PSSH.1**, room MAICC - LL-6 on Monday, July 18, 2022, 17:00-17:15 (15 min)).

For the overall program and details of your scientific event, please consult the Assembly website at:
<https://www.cospar-assembly.org>.

Inclusion of your paper in the conference program carries with it the obligation for you, or for one of your co-authors as the case may be, to display and/or to present the paper at the times and in the mode indicated. You are kindly requested to inform us if you and your co-authors find at any time before the Assembly that it is not possible to attend by logging into the website indicated above and selecting the "withdraw abstract" button next to the relevant paper(s) in the MyPapers area. You should also inform the event organizers of PSSH.1 well in advance of the session.

In June the organizers will send authors instructions for oral presentations. These instructions will be posted in due time on the web at: <https://www.cospar-assembly.org>. Please be sure to read these instructions very carefully in order to facilitate preparation of your presentation and to help ensure that each event runs smoothly during the Assembly.

Presenters are encouraged to submit their completed manuscripts to one of COSPAR's journals, *Advances in Space Research* or *Life Sciences in Space Research*. There are no deadlines for submission as *ASR* and *LSSR* are regular journals. The web sites with instructions for authors and for submissions are <https://www.editorialmanager.com/aisr/default.aspx> and <https://www.editorialmanager.com/lssr/default.aspx>. Information is posted on the COSPAR web site and will also be available at the Assembly.

Your COSPAR Assembly presentation number is **PSSH.1-0003-22**. This is the final number for your presentation. Papers submitted to *ASR* or *LSSR* will be assigned a journal number that will be different from the COSPAR presentation number.

Please feel free to volunteer as chairperson for one of the sub-sessions of your event where you are not a speaker if the web indicates this position is not yet filled by the Main Scientific Organizer. If you wish to volunteer,

kindly inform the event organizers by 4 May 2022. You can find your MSO/DO and contact information at www.cospar-assembly.org by clicking the Assembly Browser to navigate to the Scientific event in which you wish to serve as chair.

If you have questions concerning visas, please refer to the website of the Local Organizing Committee (<https://afea.eventsair.com/cospar2022/registration/Site/Register>) and if necessary contact info@cosparathens2022.org. All participants who need visas are reminded to apply for their travel documents as soon as possible.

If you need this message in letter format, please print this PDF file.

We wish you a pleasant journey and are looking forward to seeing you at the Assembly.

Yours sincerely,

Tom Krimigis Chair, COSPAR 2022 Program Committee;

Len Fisk, COSPAR President
