Membership and Service Confirmation

(May 2019 – July 2020)

American Institute of Aeronautics and Astronautics

Space Architecture Committee on Standards

To Whom It May Concern:

This letter serves as confirmation of both membership and service of Mr. Robert J. Rovetto¹. Mr. Rovetto has been a committee member of the American Institute of Aeronautics and Astronautics (AIAA) Space Architecture Committee on Standards (SACoS) since January 27, 2020. He has been contributing as a subject matter expert in ontology development to the American National Standards Institute and AIAA standard “*Human Spaceflight: Spacecraft Architecture and Systems Engineering Ontology*” (ANSI/AIAA S-153-202x) since May 2019.

Sincerely,

Ondrej Doule, Ph.D.

Chair, AIAA Space Architecture Committee on Standards

doule@spaceinnovations.net

AIAA is the world's largest technical society dedicated to the global aerospace profession and a leading publisher of aerospace books, journals, conference proceedings, and domestic and international standards documents. The AIAA community is diverse and global, and collaboration and the sharing of information and insights among our valued volunteers and other contributors is critical to the development process of our standards and the publication of high-quality works overall.
